TABLE & KITCHEN TEXTILES

- Please wash textiles separately the first time;
- Follow the general cleaning and care instructions of the care label on each product.

CUTLERY

- The stainless steel part quality is 18/10, meaning it contains 18% chrome for durability and protection against corrosion and 10% nickel for lustre and resistance to high temperatures. The knife blades contain 13% chrome and no nickel, ensuring a longer lasting, sharper edge;
- 100% food safe;
- Before the first use wash in lukewarm soapy water, rinse and dry thoroughly with a soft towel;
- We advise hand wash only, to contain its black colour;
- A higher chromium content gives stainless steel knife blades the necessary sharper edge: however, this also makes them more susceptible to corrosion. Please take extra care with these implements;
- Never leave stainless steel cutlery to soak or in damp conditions as this can cause staining which will require polishing to remove;
- To restore the cutlery's shine and to remove any staining use stainless steel polish and a soft dry cloth; don't use abrasive detergents.

WOODEN PRODUCTS

- Wooden bowls and plates need special care to prevent warping and cracking. Wood is porous and it absorbs moisture. When it dries out, the wood may get rough;
- Wipe wood immediately after use with a sponge or paper towel moistened in cold water. Make sure it dries properly and completely before storage. In drying process it is suggested to air dry, not under direct sun;
- If the item is very dirty, wash it with washing

detergent and a soft sponge, afterwards clean with moistened towel. Let it dry properly before storage;

- Do not let it soak in water and never put it in the dishwasher;
- Our wooden products are handcrafted. Variations in size, finish and colour may occur.

METAL ITEMS

- Vases, candle holders and photo frames can be cleaned by using a dry or damp cloth;
- Refresh water in metal vases every week;
- Use protection underneath metal vases when using water to protect your furniture against humidity due to temperature difference;
- Our metal products are handcrafted. Variations in size, finish and colour may occur.
