BAGS COLLECTION SPRING SUMMER 2024

*Yesterday is a treasure,  
today is a gift*

In 2007, Pip Studio was founded in Amsterdam by Catharina van der Endt who decided it was time to colour outside the lines. Today, Pip Studio has grown up, but kept her playful character. Pip Studio is a reflection of Catharina's positive personality and perspective on life. She is convinced that each moment of each day beholds the opportunity to share and celebrate life with the people we care for.

You could ignore those tiny chunks of gold by sticking to your daily routine. But Pip suggests doing the exact opposite. Chase them, embrace them and cherish them. From waking up in the morning in a beautifully messy bed, walking barefoot over fairy tale tiles to sipping coffee together from royal porcelain cups that are different in every way you look at it.

From teapot to wallpaper, from pillow to cookie jar: Pip brightens your day with a colourful mash-up of styles and stories. Pip is a true treasure hunter. A passionate collector of past prettiness and enthusiastic adopter of bright new technology, like digital textile printing or porcelain cutlery. Resulting in a growing number of collections of today's classics. Pip's products are crafted with eye for the tiniest details. Classic yet inventive, traditional yet original. They remind us to embrace our heritage and inspire us to celebrate life.

**Enjoy our new collection!**

# QUALITIES BAGS

## VEGAN MATERIALS

As Pip cares about the environment as well as the well-being of animals, all bags are vegan (friendly).

The bags have a leather look, but are made out of vegan leather. This can be made up of a number of materials or a mix of materials.

## PU

For this collection we have used the known mixture of PVC with PU with a litchi graining. But we have also added a new high quality PU with a more soft and supple handfeel, also with a special smooth graining. This new PU leather is made by compressing multiple layers of base material (known as polyurethane) and then coated in a water-resistant outer layer. This results in a material that is sturdy and durable, yet very smooth to the touch, with a better wear-resistance.

## SUEDE

Also newly added is a vegan Suede, also a kind of PU, based on the same materials but with a different finish on the surface. With its rough yet soft surface it's durable and water resistant. This gives the bags an elegant rough look.

## SATIN

For the more Satin look & feel all materials are a mixture of polyester and PVC, with PU for the finishing details. With its smooth surface also easy to clean.

## VELVET

The polyester velvet fabric consists of polyester fibers. It is an artificial fabric, but very soft and pleasant to the touch. It's both durable and flexible, therefore a perfect material for a cosmetic bag or a tote bag.

## SUSTAINABILITY

Pip Studio does not own any factories, we work together with our carefully selected partners.

We believe that the manufacturing of our products should be done in a responsible way.

We aim to create collections with well-thought-out solutions that bring a sparkle to everyday life.

Our partners' philosophy is to build a trustworthy and long-term relationship with our suppliers in order to ensure continuity of the quality, look and delivery of our collections.

## WASH CARE

As we encourage a daily use of your beautiful Pip bag, but please take good care of your new bags. No machine wash, no bleach or tumble dry and do not iron the items. But wipe clean only with a damp cloth and don't use any abrasive detergents. Most Fashion & Travel Bags are water repellent on the outside. And for most cosmetic bags both outside and inside are water repellent so it's easy to clean.
